Product details

Category:	Sold
Machine:	SM80
Machine code:	IT068
Manufacturer:	Cam
Year of construction:	1990

Description

INTIMAC S.R.L.

Via XXV Aprile, 8
21054 Fagnano Olona (VA) - Italia
Tel. +39 0331 1693557
email: inti@intisrl.it

Semi-automatic machine Cam SM 80 able to perform automatically and in a continuous cycle combined with all the packaging lines the grouping of products in boxes, their introduction into cartons previously taken from stock, formats and positioned at the entrance opened in such a way that enable the mobile hopper and the pusher to carry out the filling, which completed the two groups of transport side, which serve to maintain the correct squaring, convey the same to the exit.

The machine stacks products of parallelepiped shape and insert the bundles thus obtained into shipping cartons previously formed.

Built with modular structure, the case packer has an alternating operation. This system allows the machine to minimize the drawbacks and waste.

The case packer is composed of: base, conveyor belt for feeding the products, assembling station (stacking of products).

See attached file for product dimensions.

TECHNICAL DATA:

Width: mm 2100.

Length: mm 3110.

Height: mm 1850.

Net weight: Kg 1730.

Power absorbed: Kw 2,37.

Air consumption: L/min 70-330.

Voltage: Volt 380.

Frequency: Hz 50.

Output: max. cases/min 16.
