

Coating Equipment Manesty XL LAB 2

Images

Product details

Category:	Coating Equipment
Machine:	XL LAB 2
Machine code:	22F83 - IT467
Manufacturer:	Manesty
Year of construction:	2009

Description

The XL Lab 02 extends the range of Manesty's interchangeable drum coaters to a full 75 litre capacity . This enables the flexibility of interchangeables drum technology to be utilised in pilot or small-scale production roles.

The versatility of the systems provided with the xlab2 make research simpler whilst boosting confidence in scale up to production

Finished to the same exacting standard as other Manesty coater, the XL Lab 02 is capable of coating with aqueous or organic solvent based suspensions as well as sugar.

In common with all Manesty coaters, pneumatic seals are used to render the coater safe when coating hazardous products.
