Product details

Category:	High Shear Mixers/Powder Mixers/Mills/Granulators/Roller Compactors
Machine:	Hercules MIDI
Machine code:	IT511
Manufacturer:	IMA
Year of construction:	2003

Description

INTIMAC S.R.L.

Via XXV Aprile, 8
21054 Fagnano Olona (VA) - Italia
Tel. +39 0331 1693557
email: inti@intisrl.it

IMA Hercules MIDI lifting columns are designed for handling drums, containers, IBCs, bins and small machines.

The system from 2003 consists of a rotating column lift, capable of lifting, by means of an arm, a palletised container (bin) and placing it with the discharge at the inlet of a process machine.

No part of the machine ever comes into contact with the product intended for the production process.

All the lifts in the Hercules series are designed to be floor-mounted and ceiling-mounted.

Main motor located in the base of the machine for easy maintenance.

Lifting action provided by a high strength chain. Carefully finished for easy cleaning.

TECHNICAL SPECIFICATIONS

Dimensions (WxDxH) mm 2000x650x3900

Machine weight kg 1.600

Weight of machine fully loaded (Kg) 2.600

Weight of the machine empty (Kg)

Voltage Volt 400 V - 50 Hz - 3 phase AC

Current A 6

Power kW 2.7

Frequency Hz 50 Phases 3

Mixing speed (rpm) - 4 ÷ 12

Lifting/lowering speed (m/sec) 0.08

Maximum lifting capacity kg 990

Maximum mixing capacity kg 500
