Product details

Category:	Sold
Machine:	SIROPACK S60B
Machine code:	22F106
Manufacturer:	SIROPACK
Year of construction:	2018

Description

INTIMAC S.R.L.

Via XXV Aprile, 8
21054 Fagnano Olona (VA) - Italia
Tel. +39 0331 1693557
email: inti@intisrl.it

SBT SERIALISATION SYSTEM

Siropack S60 is an all-in-one system. The system is set up for variable data and datamatrix printing, pharmaceutical sticker application and tamper evident seal application. Checks on the printed text (OCR/OCV) and on the application of the vignette (presence/position/content of the barcode) are carried out by means of a vision system, while the presence/position of the tamper evident is checked by specific sensors for transparency. Operation is fully automatic. It is a sequential system with pneumatic and electric energy, controlled by a programmable logic controller.
