Product details

Category:	Sold
Machine:	UVP2
Machine code:	22MF352
Manufacturer:	Pester Pac Automation
Year of construction:	2013

Description

PEWO-form UVP 2

Used side loading case packer from 2013, for efficient production up to 20 cases/minute.
Flexible product handling, wide format range, and intelligent intuitive handling.

Benefits

Compact, space-efficient design

Best machine performance with low life-cycle costs in 24/7 operation

Wide format range for high packaging diversity

Reliable case handling with innovative cascading case extraction

Safe case transport by means of 4 servo-controlled toothed belts with drivers

RFID format part detection available on request

Simple operation, quick format changeover and integrated format management

Straightforward reproducible format changeover in less than 10 minutes

Machine dimensions 6440 x 1670 x 2050 mm [L x W x H]

Case type American case

Sealing method tape / hotmelt glue

Min. format range folding carton 30 x 12 x 66 mm [a x b x h]

case 150 x 120 x 105 mm [L x W x H]

Max. Format range folding carton 440 x 150 x 250 mm [a x b x h]

case 450 x 320 x 320 mm [L x W x H]

Performance up to 20 cases/min.

Control system Schneider Electric PacDrive 3 / Rockwell Automation (Allen-Bradley)

The equipment is :

- Siedloading
- Adhesive tape closure
- Stacking device and insertion via servo drives (interesting for aggregate retrofitting)
- Carton turning station after closure
- Bad push-off for defective carton
- Pusher station machine delivery 180
- Bluhm labeller and camera monitoring of label presence on carton.
