Product details

Category:	Tablet Presses/Tablet Dedusters
Machine:	
Machine code:	23-657
Manufacturer:	FETTE
Year of construction:	1998

Description

Tablet press Fette P3100 , type Perfecta 3100/3102, year of manufacture 1998
45 stamping stations
operating voltage 380 V
max. pressing force: 100 kN
max. pre-pressing force: 20 kN
max. tablet Ø: 16 mm
max. tablet bar height: 8.5 mm
max. tablet output/hour: 468,000
max. filling depth: 18 mm
pitch circle Ø: 508 mm
Rotational speed of the die disc: 25-77
Punch shape: EU 19
Die Ø: 30,16 mm
Die height: 22,22 mm
Punch shank- Ø: 19,00
Upper and lower punch length: 133,6 mm
Upper punch immersion depth: 2-8 mm
Projected floor area: 1486 x 1530 mm
Net mass of the machine: 3400kg
Height of machine without hopper: 1965 mm
Height of machine with hopper: 2105 mm
