Product details

Category:	High Shear Mixers/Powder Mixers/Mills/Granulators/Roller Compactors
Machine:	R-250
Machine code:	23-654
Manufacturer:	Gabler
Year of construction:	2013

Description

The Speronizer Gabler TypeR-250 BJ2013 is used for rounding pre-extruded pharmaceutical masses into pellets (diameter approx. 0.5-5mm).
Filling weight per filling: 0.1-0.6 kg/filling
Diameter of the fluted disc 250 mm
Speed 100-2000 rpm
Compressed air connection Working air max.8 bar, 0-60°C , consumption approx. 10 l / min
Purging air connection ¼"
Continuous sound pressure level: idling + operation 70 dB(A)
Materials in contact with product: tank / outlet / corrugated disc ASI316
External dimensions L x W x H approx. 610 x 440 x590 mm
Net weight approx. 40 kg
