Product details

Category:	Vessels/Tanks
Machine:	290 liters
Machine code:	23-1179
Manufacturer:	Civinox
Year of construction:	1999

Description

Preparation vessel for sterile with double jacket and magnetic mixer
Manufacturer: Civinox
Volume of the useful container: 290L
Tank maximum admissible internal pressure: 3/ -1 bar
Jacket maximum admissible pressure 3 bar
Reactor project maximum temperature: +143 °C
Jacket project maximum temperature +143 °C
Jacket capacity Lt
Material in contact : AISI 316 L
magnetic stirring system
