

Powder Filling and Closing Machines IMA Sterifill smart PWD

Images

Product details

Category:	Powder Filling and Closing Machines
Machine:	Sterifill smart PWD
Machine code:	24-1267
Manufacturer:	IMA
Year of construction:	2017

Description

1. Available formats: 10R
2. Speed: max. 100 pcs/min

SMART PWD Highlights

1. Vacuum-pressure powder filling system.
2. Possibility of dosing up to 2 different pharmaceutical powders in the same vial.
3. Advanced 100% IPC with speeds of up to 120 pcs/min.
4. Pick & place stoppering system.
5. Possible integration of a capping station.
6. Fit for isolation technology with possibility of wetting in place.
7. cRABS for powder containment.

Transport system : Intermittent motion

Standard voltage: 400 V, 50 Hz, 3ph + N + G

Installed power: 19 kW
