

Cartoning Machines/Case packers IMA BFB FlexaASB

Images

Product details

Category:	Cartoning Machines/Case packers
Machine:	FlexaASB
Machine code:	IT308
Manufacturer:	IMA BFB
Year of construction:	n/a

Description

Horizontal intermittent and continuous motions cartoner for tray packs or thermoformed trays FlexaASB (for ampoules, vials, syringes)

The machine has a balcony construction with clean design

The strengths of cantilever design are:

- Improved ergonomics for carton and leaflet loading to avoid physical strain on operators
- Separation of the working and maintenance area
- Guards design allows complete accessibility and visibility of the production process
- Segregated rear access to maintenance area
- Low wear and almost maintenance free

RANGE OF CARTONERS

Width (A) mm: 15 – 140

Height (B) mm: 12 – 65

Length (H) mm: 55 – 190
